## Work Experience

**Atelier** | Freelancer                                                                                                            **Nov'2024 - Present**

- Delivered 5+ freelance projects for small businesses, including portfolio sites and landing pages, resulting in a 100% client satisfaction rate.
- Handled complete development lifecycle—design, frontend/backend development, deployment, and feedback iteration—across multiple tech stacks.
- Collaborated with clients to define project scope, UI/UX expectations, and technical requirements, improving delivery efficiency by 40%.

## Projects

**Velfora (Live Link)**                                                                                                                            **June'2025**

*An e-commerce clothing platform built with the MERN stack, offering a smooth shopping experience for users and full product management for admins.*

- Developed full-stack functionality including user authentication, product management, cart, and order system using MongoDB, Express, React, and Node.js.
- Integrated Cloudinary for 90% faster image delivery, used PayPal sandbox for secure payment processing and used Redux Toolkit for state management.
- Added admin dashboard with product CRUD operations, real-time order updates, and user management for complete control.

**Atelier  (Live Link)**                                                                                                                            **Nov'2024**

*A modern and responsive service provider website designed to showcase development offerings with smooth UI/UX.*

- Designed and developed a fully responsive frontend using React, Tailwind CSS, and Framer Motion to deliver interactive animations and a clean user experience.
- Connected the frontend to a SQL-powered backend to handle service listings and form submissions with smooth data flow and validation.

## Education

**Delhi skills and entrepreneurship university (DSEU), India**                                                                **2023 - 2026**

- BCA | CGPA: **9**

## Academic and Extracurricular Achievements
